

Website Legacy Donation

The website legacy donation form is available for those who want to support St. Mary Church by paying for the costs of our website and the materials to train our youth group in web design, while being able to make a dedication to a loved one that will appear on the website on its own special page for all to see.

The legacy donation covers the cost of 1 year from January 25 – January 24. The cost of the donation is \$250. After the end of the year the name does not disappear, but remains permanently engraved on the website. You may purchase more than one year at a time.
